

Dear Republican PCP,

You hold a unique opportunity as a Republican Precinct Committee Person to affect change in your community. With the passing of State Senator Jackie Winters, **you** have the responsibility and privilege to choose people who could fill that state senate seat.

It is critical that you choose three possible replacements who each are committed to defending Oregon taxpayers from excessive taxation and regulation. These people are **Representative Denyc Boles, Kevin Chambers, and Becky Mitts**.

These candidates believe that Oregon government can, and should, do more with less. Oregon families and small businesses can't afford higher taxes and job killing regulations. That's why I'm writing to ask that you show up at the PCP appointment meeting at **6 PM this Friday** at Willamette Valley Vineyards to vote for this pro-taxpayer slate.

The Democrat controlled Oregon Legislature is pushing through massive new taxes—from a sales tax, which has been repeatedly rejected by voters, to the cap and tax bill, that will devastate our economy. We need strong leaders who will hold the line on new taxes and protect Oregon's hard-working families and small businesses from tax and spend politicians. That's why it's critical that you vote for all three of these candidates to ensure that the county commissioners will pick a new state senator who will stand with taxpayers.

So please, show up on Friday and vote Representative Denyc Boles, Kevin Chambers, and Becky Mitts!

Sincerely,

Russ Walker

President
Taxpayer Defense Project
